MUST-SEE EXHIBITIONS

The kinship of Tom Sachs, Chuck Close, and Cindy Sherman with the king of Pop is clear in "Regarding Warhol" at New York's Metropolitan Museum of Art. Teresita Fernández, whose starry installation graces Louis Vuitton's Place Vendôme shop, has heavenly work at Lehmann Maupin Gallery in New York. Tilda Swinton and Olivier Saillard take centuries of fashion out of hiding for *The Impossible Wardrobe* at Paris's Palais de Tokyo. Peruse Waspy wares at "Ivy Style" at the Museum at FIT. Olivier Zahm and curator Melissa Bent open a New York pop-up space showing new Richard Prince collages. **K.B.**
